Me being here and me being able to do this job. To know the power of the ADA in any one person's life or in an institution even one as old and established as the Washington State Senate and so its 30 years, we recognize this law, but it is all the men and women who implement it and certainly I have benefited from my colleagues up here at the rostrum and the Senate staff who have implemented it for me, both when I was a Senator, when I was a House member earlier across the rotunda, and now in this role. So, very, very well received resolution. Thank you."

The motion by Senator Liias carried and the resolution was adopted by voice vote.

REMARKS BY THE PRESIDENT

President Habib: "I just want to add one very quick thing which I know that Mayor Earling will find, I hope will find gratifying, which is that when I led a delegation last year to India to meet with his Holiness the Dalai Lama, we planned to broadcast that in various locations around the state. And, the first thing that I want to mention is that when we were speaking with the Dalai Lama's staff and his, the officials about that, they said okay we're really excited to do it around the state we hear you, it should be in Seattle and Spokane and these kind of places

but the place we know that we have a lot of people who are very interested and we want to make sure no matter what this is broadcast is in Edmonds. And so, all the way in Dharmasala, India they are aware of what has been done in the civic life of Edmonds and I will say that not coincidentally the gathering at the community center for that event was far outpaced the size and scope and enthusiasm of the other watch parties watch parties, interactive watch parties we had around the state. So, at this time it gives me great pleasure to recognize that we do have the subject of this resolution here with us.”
